

# QueueWay Post

**Retractable stanchions with options to customize at a fair price.**

QueueWay products are a low cost quality solution when retractable belt stanchions are needed. Not only are QueueWay posts cost-effective but they are also stocked at high levels so they can be delivered quickly too.

## Features & Benefits

- Heavy gauge steel post won't dent and scratch like aluminum.
- Effective built-in braking system for slow, safe webbing retraction.
- Full circumference rubber floor protector for maximum protection against floor scuffing.
- Posts distributed flat packed and are assembled within seconds without the use of tools.
- QueueWay posts can attach to Tensabarrier posts.
- Accommodates Tensator's range of sign holders.

## Product Specification

- Post weight: Each post 23 lbs. Full set of 4 is 92 lbs.
- Belt length: Each belt equals 7'6".
- Available in three finishes: Black, Polished Stainless and Satin Stainless.
- Belt options include: Black, Red, Blue and Black and Yellow Chevron print.
