

# Merchandising Bowl

Transform unused queue spaces into extended shopping time for customers. The bowl attaches securely to any standard Tensabarrier® or In-Queue Merchandising System and displays multiple products in clear, visible bowls.

## Features & Benefits

- Encourages impulse purchases and boosts revenue in queue spaces
- Securely attaches to any standard Tensabarrier® or In-Queue Merchandising System
- Transparent polycarbonate bowl showcases products clearly
- Durable design resists wear and tear from heavy use
- Holds multiple products with a capacity of 7.2 litres, reducing the need for frequent restocking
- Quick and cost-effective merchandising solution
- Products are easy for customers to reach while remaining out of reach of children

## Specfications

- Made from lightweight, high-strength polycarbonate
- Heavy-duty adapter ensures secure attachment and stability
- Fits all Tensabarrier® retractable posts and In-Queue Merchandising Systems (backwards compatible)
- No tool required for assembly fixing
- Optional pricing or promotional strip available
